

VGA Driver Installation

1. SUN VGA Patch description:

For m64 (ATI RageM1 VGA chip): 108606 (for sol8) & 112622 (for sol9)

2. How to check my VGA type

#prtconf -F (This command could check type of VGA chip)

3. Installation Instruction for Sun's patch:

a. Download latest m64 patch as upon from <http://sunsolve.sun.com/pub-cgi/show.pl?target=patchpage>

b. Login as root.

c. Copy driver file to /export/home

```
#cd /export/home
```

```
#unzip patch.zip
```

```
#patchadd patch
```

d. #reboot

Reboot system to take effect!!

4. Adjust LCD resolution

Use "m64config" command to adjust LCD resolution.

```
#m64config -prconf (This command could browse all supports of the resolution by system and  
browse VGA status)
```

```
#m64config -res 1280x1024x60 nocheck -depth 24 (This command could set 1280x1024x60 resolution)
```
